

2" INTERNAL EXPANSION FERRULE

Description:

Internal Expansion Ferrules, recommended for concrete placement, grout and plaster, food, dairy, pharmaceutical as well as other applications where increased flow capacity is important. Internally expanded couplings are essential when maximum flow of media is important. Reduces turbulence through hose. Excellent sealing and retention characteristics. Outperforms band clamps. Easy and consistent installation.

Weight:	.775 lb
Material:	Plated Carbon Steel
Ferrule ID:	2-5/8"
Hose ID:	2"
Hose OD To:	2-40/64" (66.7 mm)
Hose OD From:	2-36/64" (65.1 mm)
Product Number:	IXF32-Z
