

## 1/2" KING COMBINATION NIPPLE NPT

### Description:

1/2" King Combination Nipple, recommended for low-pressure discharge and suction service for compatible liquids. NPT threaded.

### Safety Notes:

- King Combination Nipples are not recommended for steam.
- The working pressure may vary with the construction of the hose, the type of clamping system used and the application.
- In accordance with the R.M.A. bulletin for oil suction and discharge hose, a coupled length of hose in any size, should be tested to 1-1/2 times the working pressure and held for fifteen minutes without leaking or coupling movement.
