

## FLEXSTEEL HARDWALL HOSE

### DESCRIPTION:

Flexsteel® Hardwall is for dispensing pump applications that require a hardwall construction for full flow and no internal spring guards. The wire-braid construction provides excellent kink resistance, low computer creep, and long service life. UL 330 and CUL approved. Working temperature range -40F to 140F.

Hose ID	Part/SKU	Hose OD	W. pressure	Weight	Material
3/4"	H-5.8.001	1.13"	50 psi	.45 lb/ft	Nitrile(NBR)
1"	H-5.8.002	1.38"	50 psi	.61 lb/ft	Nitrile(NBR)
