

PURGEL MOUSSE 70 # NPN 80098514

DESCRIPTION

Foaming hand sanitizer made with ethyl alcohol **USP**. It disinfects hands where soap and water are not available. It is ideal for use in restaurants and their drive-throughs, food plants, dental clinics, hospitals and other areas.

INSTRUCTIONS FOR USE

Hand use: Apply to clean, dry hands, taking care to spread the foam between fingers, around nails and on the back of hands. Rub in well for at least 30 seconds. Allow to dry. Do not rinse.

BENEFITS

1. PURGEL MOUSSE 70 has very high antiseptic properties.
2. PURGEL MOUSSE 70 evaporates quickly and leaves no greasy residue.
3. PURGEL MOUSSE 70 is made from **USP** ethyl alcohol.
