

## BULK BAG 4 PANEL RIGID

### Description:

Bulk Bag 36x36x36, 4-Panel, UN Bag, Duffle Top, Flat Bottom, PE Liner integrated, 2000Kg

Bulk bags, with a four-panel design are lightweight and collapsible, used across numerous industries for transporting and storing a wide array of dry, flowable materials. The rigid panels of this design allow the bag to stand on its own, providing stability.
