

DRILL BIT, WOOD WASP 11/16" x 10"

Description:

11/16" x 10" "Wood Wasp" Cobalt Steel/HSS drill bit for drilling wood railway ties. 12" overall length, with 1/2" flattened shank; used with a drill chuck. Convex fluting along drill bit blades allows for better chip evacuation and more flexible structure which reduces side-load breakage.

Material:	Cobalt Steel
Weight:	1.2 lb
Size:	11/16" x 10"
