

Vane Pump

Dependable and Efficient...

- Sliding vane action provides low maintenance, quiet operation, and lasting performance.
- Highly efficient design offers more product delivery per rotation than most other pump designs.

Equipped with...

- Relief valve that can be adjusted to safeguard the pump from over pressure.
- Dual shaft for clock & counter clockwise.
- Multiple seal materials.
- Drop in mounting and interchangeable spare parts.

Sizes

VP80: Flow rates to 87gpm, 2" NTP Ports

VP150: Flow rates to 157 gpm, 2-1/2" and 3" NTP Ports

VP270: Flow Rates to 270 gpm, 3" NTP Ports

- Pressure up to 125 psi

Common Applications

- Lube Oil
- Fuel Oil
- Solvents
- Petro Chemicals
- Many other products*

* For gasoline duty, check local regulation

Performance Data

Pump Model	VP80		VP150		VP270	
Rated Pump Speed	640	520	640	520	640	520
Viscosity Rating (up to)	1000 SSU	5000 SSU	1000 SSU	5000 SSU	1000 SSU	5000 SSU
gpm	72	58	120	98	263	211
L/min.	273	220	454	371	995	799
m3/h	16	13	27	22	60	48
hp	3	2.5	5	3.8	11.1	8.6
kW	2.2	1.9	3.7	2.8	8.3	6.4

Maximum Operating Limits

Pump Model	Nominal Flow Rate		Pump Speed	Viscosity		Differential Pressure		Working Pressure		Temperature	
	gpm	L/min.	rpm	ssu	cP	psi	bar	psi	bar	°F	°C
